Lauren,

Thank you for speaking with Joe and me today. I think it would be helpful if you would send the additional materials to my attention at the address below.

Regards,

Robert P. Stamey, Esq.

Subject: Lower Ley Creek Subsite

Joe and Bob,

Thank you for following up with me today. Attached are some maps of the sampling EPA conducted at the Lower Ley Creek Subsite between 2009 and 2011 that you may find helpful to familiarize yourself with the subsite. We have data reports available, but I will need to send you those on disk because the files are quite large. Please send me your address if you'd like to receive that information. In addition, you can have your technical/engineering personnel contact the remedial project manager, Pam Tames (tames.pam@epa.gov or 212-637-4255), if they have any questions about the investigations we conducted at the site and the available data.

Regards,

Lauren P. Charney
